CAREER OBJECTIVE

Aspiring Full Stack Developer and UI/UX Designer skilled in HTML, CSS, JavaScript, Python, and SQL, seeking to build responsive, user-friendly, and scalable web applications while continuously learning and improving my technical and design expertise.

EDUCATION

Saveetha Engineering College, Chennai,

Computer science and Engineering

CGPA:7.66/10

2023-2027 Batch

PROJECT

Artificial Intelligence Driven Federated Framework for Personalized, Privacy Preserving and Sustainable Meal Planning (Python, HTML, CSS, JavaScript, MySQL, SQLite, NLP, ML, Flask, Django)

- The Smart Meal Planner (SMP) is an intelligent, privacy-friendly, and eco-conscious system designed to make healthy eating easier for today's busy lifestyles. By combining artificial intelligence with nutrition science, SMP offers meal suggestions that are both personal and practical—helping users eat well, reduce food waste, and protect their data at the same time.

INTERNSHIP

RETECH SOLUTION, PVT, LTD Chennai, Jan 2025– Feb 2025 UI/UX Design Trainee

- **Worked on** a UI/UX Design project focused on creating intuitive interfaces and prototypes.
- **Gained** hands-on experience with design tools while improving creativity, problem-solving, and user centered design skills.
